

PROGRAM HIGHLIGHTS

actioncare

*Alone we can do so little,
together we can do so much*

- Helen Keller

iMatter centered around current global trends in STEM, is a challenge-based program, showcasing prototype solutions. iMatter inspires youth for a more sustainable yet technological world through stimulating experiences and exciting practical engagement using a host of tech tools including virtual and augmented reality

8	17,000	70	385
Years Running Grade 7-12	Students	Schools	Volunteers

If we grew up and became what we wanted to be, you have to know that the iMatter STEM program is what encouraged us to pursue our dreams and learn more about our skills and our future careers. I learned to be creative, to think out of the box, predict future problems and think about solving them - Fatima Al Dashti, Grade 8.

MoneyMasters

Financial Capability

Entrepreneurship

Business Plan

MoneyMasters equips students with core economic concepts and practical skills to navigate the financial realities of adulthood. Given the 360° of managing, growing, and protecting money, it supports their personal and professional goals and cultivates lifelong well-being

4	3,134	15	33
Years Grade 9-12	Students	Schools	Competitions

MoneyMasters taught me a very useful budget rule of 50 20 30 which helps people to save and manage their money effectively. I learned of ways to invest and increase my income, how to run a business, how to make the whole plan for it and it's really amazing because it will help me to plan for my business project in the future. Thank you, Action Care – Khalid Adnan, Grade 11

MOVE is designed to help youth gain employability skills essential for the 21st century labour markets. Focused on career development, students gain transferable skills of leadership, teamwork, communication, inter-cultural relations, and overcoming obstacles. Includes CV and job Interview readiness, public speaking, volunteering, planning and executing community projects. Career Fairs engaging diverse corporate professionals are hosted regularly.

Leadership

Career Readiness

Public Speaking

7	2,800	140	24
Years Grade 9-12	Students	Volunteers	Competitions

You made us believe in ourselves. You made us believe that we are something. You made us believe that we have something inside us that we will have to bring out to the world and other people. Thank you – Waleed, Grade 11

LITERACY FOR LIFE

Critical Thinking

Information Literacy

Media Literacy

The ability to effectively examine and communicate information are core competencies for today's youth. The innovative curriculum helps students gain practical skills in information technology and stimulates critical and analytical thinking as they search the web to find, evaluate and use information correctly.

3	1,700	24	35
Years Grade 9 -11	Students	Competitions	Volunteers

The classes increase our confidence and give us support for our future. They focus on skills we need when we go to university or start our career – skills we need for real life – Khoulood, Grade 10.

COMMUNITY PROJECTS

The holy month of Ramadan is traditionally a time of giving and a special opportunity to celebrate with the community. GOG creates memorable Ramadan experiences for less fortunate children, youth, orphans and persons with special needs. Corporate volunteers engage with the children in the fun, lively, educational and value-based activities followed by a sumptuous dinner and leave with big smiles arms loaded with bags full of gifts.

GIFT OF GIVING

Iftar

10	8,400	133	1,500
Years	Beneficiaries	Events	Volunteers

For some of us maybe this Ramadan was just like the others, but for the children, it was surely different. Thank you for helping our children feel happy and loved, a healthy generation for a brighter future – Fatima Al Mullah, Emirates Red Crescent

COMMUNITY PROJECTS

READ WITH ME

Books

Tutors

Reading

In support of the UAE 'Year of Reading', Action Care rallied volunteers to create 'Read With Me' an initiative which provides regular one-on-one tutoring to reinforce Arabic and English reading skills for young students. Action Care teamed with Dubai Chamber of Commerce, Facebook, Rotaract and other partners to stock libraries and host literacy events at schools in Ajman, Sharjah and Dubai. Over 2,500 books have been added to the libraries of the under-resourced schools.

4	475	2,500	35
Years Grade 3-6	Students	Books	Volunteers

From my short experience with the Read With Me program, the positive impact it has on the children is undeniable. It gives the children much needed one-on-one attention and help in learning to read - Zoe Ghazwa, Volunteer

COMMUNITY PROJECTS

In partnership with the business community, building capacity and improving the learning environment at the under-resourced schools is an ongoing effort of renovating classrooms, libraries and school grounds. Projects include installing new air-conditioners, smart boards, classroom furniture, sports equipment and brightening the school grounds with gardens and colorful murals.

TRANSFORMING LEARNING SPACES

Renovate

Air-Conditioners

Smart Boards

12	10,000	50	450
Years Running	Students	Projects	Volunteers

We took part in two volunteering events to renovate the National Charity School in Ajman. The management of Action Care and their involvement with the school was a key factor in making the event successful and meaningful – Swati, General Electric

COMMUNITY PROJECTS

HOSPITAL MOBILE LIBRARIES

Hospital

Child Patient

Stories

This project is proudly presented in partnership with “Wanna Read?” led by Sheikha Shamma bint Sultan bin Khalifa Al Nahyan.

Mobile libraries filled with popular children’s books, fun literacy games and activity materials bring the magic of reading to patients in pediatric wards undergoing the challenges of medical treatment and hospitalization. Designed to be fully mobile, access is made easy for child patients who cannot get to the activity room.

3	4,000	1,200	12
Years	Child Patients	Books	Mobile Libraries

Watching the children’s face light up with joy at the ‘one-on-one’ reading and playing literacy games is rewarding. The children forgot their pain and illness during these wonderful moments drifting into a world of stories – Osman Ali, Volunteer.

SPECIAL THANKS

These accomplishments were made possible with the support of our partners and the contributions of many volunteers whose commitment and skill added invaluable quality to Action Care's programs.
